MWR MARKETING TEAM

WELCOME TO FORT RUCKER HOME OF ARMY AVIATION

Welcome to Fort Rucker and the Home of Army Aviation, 62,000+ Acres of Aviation's Finest situated in the heart of the Wiregrass. As the home of Army Aviation you can expect nothing less than top-notch facilities, exceptional landscapes and southern hospitality; from the championship golf at Silver Wings Golf Club to a fisherman's paradise at Lake Tholocco.

Family & MWR has something for everyone and our goal is to ensure that we are constantly improving on our Soldiers' quality of life during their stay at Fort Rucker.

Soldiers are entitled to the same quality of life as is afforded the society they are pledged to defend. Keeping an Army ready to fight and win takes more than hard work and training. Soldiers need a balance of work and play. The Family and MWR mission is to create and maintain exceptional MWR products and services for America's Army, essential to a ready, self-reliant force.

We are proud to serve the needs of our community and the DFMWR staff is committed to providing outstanding customer service for our Soldiers, Families, Retirees and Civilians. Without question they deserve the best that Fort Rucker has to offer. Please visit our facilities and see how we can make your time at Fort Rucker the best in the Army.

TRAINING AND BENEFITS REGULAR NAF POSITIONS

Family and MWR offers competitive salaries and benefit packages that include medical, dental and life insurance. Comprehensive retirement and 401(k) plans are available and the organization will match your monthly contributions up to four percent. There are also multiple ways to move upward in Family and MWR through training opportunities and developmental assignments.

WHAT IS NAF EMPLOYMENT?

NAF (Non - Appropriate Fund) employment is considered federal employment. It is, however, different from federal civil service employment because the monies used to pay the salaries of NAF employees come from a different source. Civil service positions are paid for by money appropriated by Congress. NAF money, on the other hand, is self-generated by Army clubs, bowling centers, golf courses, and other activities that use NAF employees.

We have two types of NAF positions: "flexible" and "regular". Flexible employees have work schedules that depend on the needs of the activity. These employees may work a minimum of zero hours to a maximum of 40 hours per week, and do not receive benefits. Regular employees work between 20 and 40 hours a week depending on position requirements, and are entitled to receive benefits. All federal job openings (NAF and otherwise) are posted online at USAJOBS.gov. USAJobs.gov offers a one-stop shop for all your government job hunting. For more information on USAjobs.gov log on and click the FAQ page at USAjobs.gov.

Are you interested in promoting your business to the valuable military market? If so, please contact our Sponsorship & Advertising department to receive information on event sponsorship and on-post advertising opportunities or to set up an appointment to discuss your options.

Consider the impact you and your company will have on our Soldiers and their families through your support and sponsorship of various programs and events that directly affect Soldiers and their families. Opportunities for you and your company to connect to this valuable audience are nearly endless.

The Commercial Advertising Program offers a wide range of opportunities to market your company, display your message, and brand your business throughout the installation, as well as inside and outside of our Family and MWR facilities. We offer opportunities to reach the Soldier, their Families, Retirees, and Civilians. Create Top of Mind Awareness, brand your business, and establish a sense of trust within the Military Community. As a result of partnering with us, we will produce a return on your investment that can be measured by more than just dollars.

Event sponsorships are available for Family and MWR events. Sponsoring events provides you a great venue to promote your products and services, gives you the opportunity to interact with Soldiers, Families and community members, and serves as the direct link between you and the military market. See firsthand what life is like for those who sacrifice for our nation and be the reason that their quality of life is better here at Fort Rucker.

On-post advertising is another great way to get your message out to the military market. With advertising opportunities ranging from website and social media inclusion, digital displays, to banners, and print publications, we can customize a marketing campaign that is sure to make an impact and produce results.

The Welcome Guide is a must have for Soldiers, Families, Retirees, and Civilians. The Marketing Department produces and prints the Welcome Guide once a year and serves as a resource for information regarding Family and MWR activities on post and the services they offer.

Sponsorship and advertising funds stay on Fort Rucker to benefit and support vital MWR programs and events for our Soldiers, Families, Retirees, and Civilians.

BETTER OPPORTUNITIES FOR SINGLE SOLDIERS

**Bldg. 8350, Headhunter St.
(334) 379-4594**

Fort Rucker's Better Opportunities for Single Soldiers (BOSS) is a program that supports the overall quality of life (QOL) for single and unaccompanied Soldiers. It supports the chain of command by identifying QOL issues and concerns, and by providing recommendations for QOL improvement. BOSS encourages and assists single Soldiers in identifying and planning for innovative and fun-filled recreational and leisure activities as well as community service projects.

BOSS also participates in diverse recreational events. As a result of the single Soldiers dedication to the program, Fort Rucker BOSS has been recognized by IMCOM as having one of the premier programs in the Army.

The renovated BOSS building is a place where single and unaccompanied Soldiers can relax and have some fun while playing video games or pool, or watching a movie in the theater room. Free Wi-Fi Internet is also available in the BOSS building. BOSS building hours are posted on the front of the facility. Council and Event Planning Meetings are open to all Soldiers and organizations that would like to participate in BOSS. Council Meetings and Event Planning Meetings are held every 3rd Monday from 1600-1700 inside the BOSS Building (Bldg. 8350 Headhunter St.). The meetings cover quality of life issues, community service projects, and leisure activities/trips. Monthly meetings ensure that the voices of single Soldiers are heard.

Command involvement in BOSS is essential to the success and growth of the BOSS program and our single Soldier community. Commanders at Fort Rucker promote and ensure participation of the single Soldiers at every level, from junior enlisted to Senior NCOs, Warrant Officers, and Commissioned Officers.

BOSS program eligibility and participation is open to all single Soldiers, which is defined as all unmarried, divorced, widowed, and unaccompanied Soldiers, to include single parent Soldiers. BOSS-sponsored events may be open to all, with preference and priority to the single Soldier.

BOSS' Mission:

To enhance the quality of life and morale of single Soldiers, increase Soldier retention, and sustain readiness.

BOSS' Vision:

Be the advocate for single Soldiers to ensure they have a quality of life commensurate with their service.

Our Vision and Mission:
Our vision is to be our customer's first choice.

It is our dual enduring mission to:
Provide quality merchandise and service to our customers at competitively low prices.

DID YOU KNOW? FORT RUCKER HISTORY

A Brief History of Fort Rucker

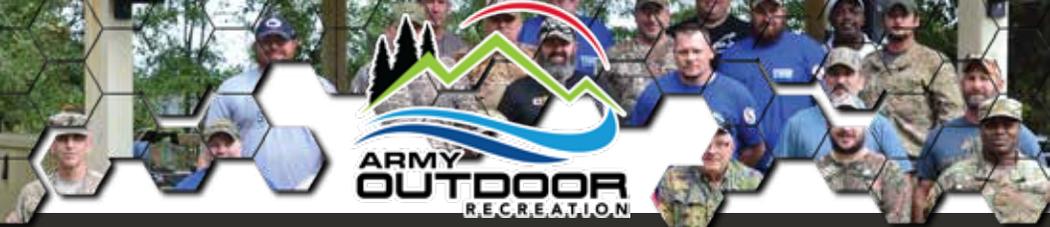

Although both Fort Rucker and Army Aviation trace their origins back to earlier eras, they came into being during the early months of World War II. The United States entered the war on December 8, 1941, following the surprise Japanese attack on Hawaii, the Philippines, Guam, and Midway. On December 15, Congress voted an appropriation of \$10 billion for the defense of the United States and established a military service draft for men from 20 to 44 years of age during World War II, America conducted a manpower mobilization unprecedented in its history in terms of total numbers; the United States put into uniform more than 16 million men (one-sixth of the total male population) and also approximately 333,000 women. This mobilization called for the creation of new training camps and military bases, including Camp Rucker.

Camp Rucker

The original name of the post was Ozark Triangular Division Camp, but before the camp was officially opened on May 1, 1942, the War Department named it Camp Rucker. The post was named in honor of Colonel Edmund W. Rucker, a Civil War Confederate officer, who was given the honorary title of "General," and who became an industrial leader in Birmingham after the war. In September 1942, 1,259 additional acres south of Daleville were acquired for the construction of an airfield to support the training camp. It was known as Ozark Army Airfield until January 1959, when the name was changed to Cairns Army Airfield. The first troops to train at Camp Rucker were those of the 81st (Wildcat) Infantry Division; the 81st Division left Rucker for action in the Pacific Theater in March 1943. During the latter part of World War II, several hundred German and a few Italian prisoners-of-war were housed in stockades near the railroad east of the warehouse area, on the southern edge of the post. The Camp became a Fort on February 1, 1955, and the Army Aviation Center was officially established at Rucker. In October of that year, the post was given permanent status with the name change from Camp Rucker to Fort Rucker.

BENEFITING LOCAL WOUNDED WARRIORS

FORT RUCKER ADOPT-A-TRAIL PROGRAM

Have you made use of the extensive network of walking and biking trails on Fort Rucker? If so, consider becoming a volunteer in our new Adopt-a-Trail program!

Adopt-a-Trail volunteers promote community stewardship and bridge the communication between the community and MWR. The Adopt-a-Trail program sends a message that the community cares about its trails. Through monthly visits to your trail, volunteers document maintenance needs, report acts of vandalism, interact with trail users, promote trail safety, and encourage an overall positive use of public trails.

Volunteers have two trails to choose from: the Parcours trail is a walking/running nature trail with 18 fitness stations. This course is relatively flat and easily traversed: the mountain biking trails are rugged nature trails consisting of uneven terrain with hills and dips. Volunteers can indicate which type of trail they prefer to work on, as well as the length of trail under their care.

If you have specific questions related to the Adopt-a-Trail program, feel free to contact the Fort Rucker Sports Coordinator at 334-255-2671.
