Our Mission: The Fort Rucker Fitness Program is dedicated to serving the needs of our patrons by providing professional instruction, during safe, effective, well balanced and fun workouts. We strive to offer a variety of classes that focus on strength, cardiovascular conditioning, flexibility training, and mind/body awareness. We believe in promoting the general health of an individual on a personal level, with all the components to make your workout a more effective and enjoyable experience.

Class Descriptions

Begin to make your fitness goals a reality with no complicated movements to learn. Spinning provides a motivating group environment, excellent instructors and music that begs your legs to pedal. You'll get a heart-pounding, yet low impact workout while maintaining the ability to go at your own pace. Training sessions will be Interval, Endurance, Strength or Race Day rides. Appropriate for all fitness levels. A water bottle and towel are required for the class. **If this is your first time, please come at least 15 minutes early for proper bike set up.**

ZUMBA Dance fitness *classes* that are fun, energetic, and make you feel amazing. ... We take the "work" out of workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party!

Boot Camp – your cardiovascular and muscular fitness will be challenged in this class which will incorporate calisthenics, free weights, plyometric and an assortment of equipment for a variety of exercises. ****please bring water**

AbsoGlutely– A lower body and core workout that includes weights and cardio to tighten and build common problem areas. This class is a high energy, fun way to work the “last to be seen” area.

Hip Hop Cycle– Get ready to ride to some of the latest hip hop tunes with this fun stationary ride! It's not your traditional spin class! It's time to get fit with drills to make you sweat.

Kick Boxing-Cardio kickboxing is a group fitness class that combines martial arts techniques with fast-paced cardio. This high-energy workout challenges the beginner and elite athlete alike. Build stamina, improve coordination and flexibility, and burn calories as you build lean muscle with this fun and challenging workout

HIIT-or high-intensity interval training, is a training technique in which you give all-out, one hundred percent effort through quick, intense bursts of exercise, followed by short, sometimes active, recovery periods. This type of training gets and keeps your heart rate up and burns more fat in less time.

Pure Strength-Build strength, add definition, increase bone density and decrease body fat by **INCREASING** lean muscle. Research has proven that by adding lean muscle to the body you can speed up your metabolism and burn more calories working out and at rest.

Yoga . A series of poses performed sequentially on one side and then repeated on the other side Movement is synchronized with the breath. Between each side, the student performs a mini-sequence called a "vinyasa". A vinyasa is string of 4 poses: straight arm plank (high push up), chaturanga (low push up position), a back bend (upward facing dog or cobra), and, finally, downward facing dog. Usually very sweaty and can be performed at a fast or slow pace.

A water bottle is strongly recommended for each class.

Units may request a private PT session with an instructor. Please contact the Fitness Coordinator at jillian.n.hammond.naf@army.mil for reservations.

Children are not permitted to attend fitness classes as a participant or spectator under the age of 13.

We apologize for the inconvenience.

Class Fees

\$4.00 per class

Class Sign In Policy

Patrons may sign up for any class on the day of that class after 0530, by calling in a reservation or by coming into the facility. You must check in at the front desk at least 10 minutes prior to your class or you will forfeit your reservation. Call 334.255.3794.
