Our Mission: The Fort Novosel Fitness Program is dedicated to serving the needs of our patrons by providing professional instruction during safe, effective, well balanced and fun workouts. We strive to offer a variety of classes that focus on strength, cardiovascular conditioning, flexibility training and mind/body awareness. We believe in promoting the general health of an individual on a personal level, with all the components to make your work out a more effective and enjoyable experience.

Class Descriptions

Begin to make your fitness goals a reality with no complicated movements to learn. Spinning provides a motivating group environment, excellent instructors and music that begs your legs to pedal. You'll get a heart-pounding, yet low impact workout while maintaining the ability to go at your own pace. Training sessions will be Interval, Endurance, Strength or Race Day rides. Appropriate for all fitness levels. A water bottle and towel are required for the class.

****If this is your first time, please come at least 15 minutes early for proper bike set up.****

 Dance fitness *classes* that are fun, energetic, and make you feel amazing. ... We take the "work" out of workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party!

Boot Camp – your cardiovascular and muscular fitness will be challenged in this class which will incorporate calisthenics, free weights, plyometric and an assortment of equipment for a variety of exercises. ****please bring water**

Yoga —A series of poses performed sequentially on one side and then repeated on the other side Movement is synchronized with the breath. Between each side, the student performs a mini-sequence called a "vinyasa". A vinyasa is string of 4 poses: straight arm plank (high push up), chaturanga (low push up position), a back bend (upward facing dog or cobra), and, finally, downward facing dog. Usually very sweaty and can be performed at a fast or slow pace.

A water bottle is strongly recommended for each class.

Toning & Mobility—A fitness class that focuses on strengthening and toning muscles throughout the body. This includes a combination of cardio, light weights, bands, steps, range of motion, flexibility, breath work, core strength and mobility exercises.

Units may request a private PT session with an instructor. Please contact the Fitness Coordinator at jillian.n.hammond.naf@army.mil for reservations.

Children are not permitted to attend fitness classes as a participant or spectator under the age of 13.

We apologize for the inconvenience.
